

Brand new for the 2019 season, Graphite Design introduces the latest in the Tour AD premium line of golf shafts, the **Graphite Design Tour AD VR – designed to “Vanquish all Rivals”**. Designed and manufactured at the Graphite Design Japan factory headquarters, the new **Tour AD VR** wood shafts are dark blue with white and silver accents and are finished with a matte clear coat.

The **Tour AD VR** shafts are available in 40g R2, R1 and S flex, 50g R2, R1, S and X flex, 60g SR, S and X flex, 70g S and X flex and 80g S and X flex.

The **Tour AD VR**, like the other premium Tour AD wood shafts, utilizes premium, aerospace quality 50t carbon-fiber materials and it has a slightly higher balance point than the other current Tour AD wood shaft profiles. **The Tour AD VR** shaft also utilizes **FTT - Fast Taper Technology**, which incorporates a faster taper rate from the grip to the lower mid-section of the shaft, providing the overall feeling of greater club head control at impact and an increase in club head speed.

The **Tour AD VR** shaft profile is firm to stiff starting at the handle, medium/firm in the center section and has a firm tip to promote a mid/high launch angle and low ball spin rates. The **Tour AD VR** also utilizes TORAYCA® T1100G carbon-fiber prepreg with NANOALLOY® technology in the tip section of the shaft for additional shaft stability, exceptional feel and precise ball control.

See a Graphite Design authorized Golf Club Fitting professional and come to the tee box ready with your new **Tour AD VR** wood shaft and “**Vanquish all Rivals**” from tee to green.
